Volunteers must be able to react quickly and rationally as animals can sometimes be very unpredictable. Volunteers who work with animals must have the ability to restrain the animals for their own safety, the safety of others and the safety of the animals. C.L.A.A.R. reserves the right to place volunteers in areas best suited to their abilities and restrictions, and to reject volunteers whose participation at events or programs sponsored by C.L.A.A.R. could potentially place the participant, the animals or other individuals at risk of harm.
